

# Literary and Historical Society of Quebec.

ANNUAL GENERAL MEETING, 14th JANUARY, 1891.

## ANNUAL REPORT.

QUEBEC, January 14th, 1891.

The annual general meeting of the Literary and Historical Society of Quebec was held on Wednesday morning, in the Library of the Society, at 10 o'clock. There was a good attendance of members. Dr. George Stewart, F.R.G.S., President, in the chair. After reading the minutes of the last monthly meeting, the Council Secretary, W. C. H. Wood, Esq., submitted the annual report of the Society for the past year :—

## ANNUAL REPORT.

QUEBEC, January 14th, 1891.

Herewith are submitted the reports and financial statements of the President and Council of the Literary and Historical Society of Quebec, for the year 1890. During the past year, the Society has lost four members, two by resignation and two by death. Eight new members were elected, leaving the active membership at 184, as against 180 last year. With very great regret, we have to announce, that by death, we have lost the invaluable services of those useful and prominent members, the Hon. P. J. O. Chau-

veau, LL.D., F.R.S.C., and Mr. D. C. Mackenzie, who, for years, have contributed to the welfare and prosperity of our Society.

Mr. W. C. H. Wood attended the sessions of the Royal Society of Canada at Ottawa, in May last, as the delegate of this Society, presented a report which will appear in the printed Proceedings and Transactions of that important body of literary and scientific workers, and took part in the deliberations of the same. This year the Royal Society will meet at Montreal, in May, and we are invited, as usual, to send a representative.

Owing to the prevalence of *la grippe* last year, which lasted nearly the whole of the winter, no course of lectures was held under the auspices of the Society. This year, however, a series of lectures will be given in the rooms, as usual.

The collection of birds, natural history specimens and plaster models, belonging to the museum, were disposed of, during the year, to the High School of this city, for the sum of two hundred and fifty dollars.

Many new books have been added to the library. The Government grant of five hundred dollars, per annum, has, we are happy to say, been continued to us. We hope to be able to issue a volume of Transactions and Manuscripts, at an early day this year.

At a meeting of citizens called together by Mayor Fremont, the other day, it was resolved to erect a monument to the memory of Champlain, the founder of Quebec. This Society begs to state that it is in full sympathy with that worthy object, and heartily endorses the action of the Committee.

The Literary and Historical Society begs to congratulate the Government of Quebec, and the Rev. Abbé Casgrain, for the zeal and skill which they have exhibited, of late, in

putting into print the valuable Manuscript documents at present in their possession, and rendering their contents accessible to the student and investigator of our history.

This Society observes, with pleasure and satisfaction, the progress which our kindred Societies throughout the Dominion are making in their several lines of research and enquiry into historical truths.

GEORGE STEWART,  
President.

WILLIAM WOOD,  
Council Secretary,

#### REPORT OF THE LIBRARIAN.

The Librarian has nothing of much importance to record besides the usual report of books received, issued and returned to the Library, except, that new sets of Waverley and Thackeray have been ordered from London, and that a satisfactory exchange of one hundred and fifty volumes was effected with one of the members, whereby good and handy sets of Dickens, Bulwer Lytton, Marryatt, Fenimore Cooper, Washington Irving, and several other works have found places on our shelves in return for a like number of books in foreign languages, which were seldom if ever looked at.

It would be a guide to the Council when ordering books, if members would enter in the recommendation book the titles, authors and publishers' names, also probable cost of such works as they might deem advisable to be procured.

There have been 303 accessions to the Library during the past year, composed of 49 volumes purchased, 55 bound and 202 unbound volumes donations and exchanges with other societies. Fifteen hundred and thirty-eight books

have been loaned to members, of which 169 still remain out over time, besides 30 volumes issued before December, 1889. This necessitates calling the attention of members to By-law No. 2, whereby the time of retaining a volume is restricted to fourteen days and only two volumes permitted to be in possession of a member at one time.

The Museum room, which, in a measure, gave some relief to our overcrowded shelves, has been required by Morrin College and therefore vacated, thus making it necessary to obtain if possible a storeroom in another part of this building.

This report would be incomplete without reference to the retirement of the late Assistant-Librarian, the Rev. S. Macdonald, now Pastor at Marlow, Beauce, and wishing him every success in his new calling. During his fifteen years charge of this room, he always proved to be a most efficient and obliging officer.

F. C. WÜRTELE,  
Librarian

Moved by Mr. Campbell, seconded by Mr. Wood,—Inasmuch as there is to be a naval exhibition in England in May next, and inasmuch as this Society has in its possession a model of the first steamship that crossed the ocean, built in the Port of Quebec by a Quebec merchant and modelled by a Quebec ship architect, that such a model must command attraction, the said model be lent for the said exhibition—the patron of which is our Gracious Majesty—the mover undertaking that the same be returned in due course in same condition, without any expense to the Society.—Carried.

The meeting then adjourned.
